Economical & Reliable

A 5w economy, medium density LED Strip offering an excellent blend of performance, reliability and price.

TradeStrip is designed for the contractor and is ideal for accent and effect lighting in areas such as kitchen cupboards and plinths. It's easy to join or extend using our solderless GRIPPA connectors to provide neat corners as required.

This is a non waterproof tape (IP21) and whilst it can be mounted in aluminium, it's not essential.

This product is fully dimmable with the correct power supply.

2 Year Warranty against failure
