- 3M LSE Adhesive tape for reliable mounting
- Enhanced long-term reliability
- Excellent for secondary lighting applications

Our TradeStrip120 features 120 LEDs per metre, making it ideal for use when minimal spotting is required. Mounted in an aluminium profile it produces a fully diffused, smooth appearance and a bright light output.

TradeStrip120 is our most popular LED strip light for common domestic secondary lighting applications, ideal for lighting in and under cabinets and plinths in kitchens and bathrooms, inside wardrobes, garages, bedrooms or any other indoor application.

Priced per metre and sold in a continuous run when purchasing multiple metres.

This product is fully dimmable with the correct power supply and has a 2 Year Warranty against failure
